The league in return has individual teams sell raffle tickets, with the proceeds going to offset the league costs. See example below.

If certain leagues do not wish to participate in the Sponsors Promotional Program, it is also available to individual teams.

EXAMPLE: 32 team league based on 12 people per team.

Each person is required to sell 10 tickets at \$2.00 per ticket. This would work out to:

32 teams x 12 players = 384 players

X 10 tickets each = 3,840 tickets

X \$2.00 each = \$7,680.00

\$7,680.00 - \$450.00 (cost of Raffle Package) = \$7,230.00 profit to the league
